Hi Daniel,

Sorry for the delayed response. I am forwarding your request to our Senior Lead Officers in the area, Lenny Davis and Gina Paialii so that they are aware.

I am working on longer term solutions for the area with both our SLOs, but we are limited in what we can do in preventing people from coming back on the public right of way.

I'll connect with our SLOs to see if there is anything else we can do to assist with some of the vandalism.

I do appreciate it

But these has escalated to another level

One of my managers was assault with a knife

And got escaletated

None of my employees want to work there and I'm loosing sales as well to these matter

Is un safe and a hussle environment

I know you are tied up

But till a tragedy happens in my location . We are going to see action

I'm just hopping these don't get to that level

Couse I'm not sure how I'm going to deal with that

These is a concern for me if you do understand

Thank you
